→ **Abbreviations**

# Abbreviations

Abbreviation	Meaning
ABI	Acute brain injury
AECOPD	Acute exacerbation of chronic obstructive pulmonary disease
ALI	Acute lung injury
AHRF	Acute hypercapnic respiratory failure
ARDS	Acute respiratory distress syndrome
ARF	Acute respiratory failure
A/C	Assist/control ventilation
CIPM	Critical illness polyneuromyopathy
COPD	Chronic obstructive pulmonary disease
CMV	Controlled mechanical ventilation
CSV	Continuous spontaneous ventilation
Edi	Electrical activity of the diaphragm
Edi mon	Edi monitoring
ICH	Intracerebral hemorrhage
IMV	Invasive mechanical ventilation
NAVA	Neurally adjusted ventilatory assist
NIV	Non-invasive ventilation
NIV NAVA	Non-invasive Neurally adjusted ventilatory assist
PEEP	Positive end-expiratory pressure
P/F	Ratio of arterial oxygen partial pressure to fractional inspired oxygen
PSV	Pressure support ventilation
SBT	Spontaneous breathing trial

Getinge is a leading global provider of innovative solutions for operating rooms, intensive-care units, hospital wards, sterilization departments, elderly care and for life science companies and institutions. With a genuine passion for life we build quality and safety into every system. Our unique value proposition mirrors the continuum of care, enhancing efficiency throughout the clinical pathway. Based on our first-hand experience and close partnerships, we are able to exceed expectations from customers – improving the every-day life for people, today and tomorrow.

**⚠ CAUTION:** Federal (US) law restricts this device to sale by or on the order of a physician.  
Refer to Instructions for Use for current indications, warnings, contraindications, and precautions .
